Carie Huff, District Engineer Eric Nielsen, Superintendent

Subject: Resolution 22-05 Declaring and Re-ratifying the State of Emergency and

Authorizing Remote Teleconference Meetings of the Board of Directors

due to the COVID-19 Emergency

Meeting Date: February 3, 2022

Overview

All meetings of the District's Board of Directors are open and public, as required by the Ralph M. Brown Act (Cal. Gov. Code 54950 – 54963), so that any member of the public may attend, participate, and watch the District's Board of Directors conduct their business. The Brown Act, Government Code section 54953(e), makes provisions for remote teleconferencing participation in meetings by members of a legislative body, without compliance with the requirements of Government Code section 54953(b)(3), subject to the existence of certain conditions.

Required conditions are: that a state of emergency is declared by the Governor pursuant to Government Code section 8625, proclaiming the existence of conditions of disaster or extreme peril to the safety of persons and property within the state caused by conditions as described in Government Code section 8558; a proclamation is made when there is an actual incident, threat of disaster, or extreme peril to the safety of persons and property within the jurisdictions that are within the District's boundaries, caused by natural, technological, or human-caused disasters; and it is further required that state or local officials have imposed or recommended measures to promote social distancing, or the legislative body meeting in person would present imminent risks to the health and safety of attendees.

Such conditions now exist in the District, specifically, the State of Emergency declared by the Governor with Executive Order N-25-20 on March 4, 2020, due to the COVID-19 pandemic. Guidance from the State of California has been adopted by the Placer County Health Department which recommends or mandates social distancing and face coverings in certain settings to prevent the spread of COVID-19.

In compliance with Executive Order N-25-20, since April 2020, the District has implemented virtual meeting protocols which comply with the requirements of paragraph (2) of subdivision (e) of section 54953, by providing for public participation through online meeting attendance and the opportunity to provide comment during a Board meeting both verbally and via email.

A provision of AB361 requires that the Board of Directors Declare and Re-ratify the State of Emergency and Authorize continuing Remote Teleconference Meetings of the Board of Directors every 30 days. Resolution 22-01 adopted on January 6, 2022, provided authorization from January 6, 2022, through February 5, 2022, which covered the regular meetings of the Board of Directors on January 6, 2022, and today's meeting on February 3, 2022. In order to continue remote teleconference meetings, the Board must adopt a subsequent resolution covering the next regular meeting scheduled for March 3, 2022. The Board will adopt these subsequent resolutions during regular and special meetings, whichever is appropriate to extend the 30-day window.

Recommendation

Staff requests the Board of Directors:

1. Adopt Resolution 22-05 Declaring and Re-ratifying the State of Emergency and Authorizing Remote Teleconference Meetings of the Board of Directors due to the COVID-19 Emergency.

Strategic Plan Goals

This action is consistent with SPMUD Strategic Plan Goals:

Goal 1.3: Maintain Transparency with all District Activities.

Goal 4.1: Maintain Compliance with Pertinent Regulations

Fiscal Impact

There is no fiscal impact to the District resulting directly from this action. The retrofit of the Board Chambers to accommodate Zoom participation has been completed.

SOUTH PLACER MUNICIPAL UTILITY DISTRICT STAFF REPORT

To: Board of Directors

From: Herb Niederberger, General Manager

Cc: Emilie Costan, Administrative Services Manager

Subject: Ordinance No. 22-01 – An Ordinance to Transition from At-

Large/From District Elections to By-District/From-District Elections

and Re-Establishing District Ward Boundaries

Meeting Date: February 3, 2022

Overview

The South Placer Municipal Utility District (SPMUD) was formed and organized under the Municipal Utility District Act ("MUD Act") of the State of California (California Public Utilities Code Section 11501 et seq.). The MUD Act established a "from-district" electoral system, in which a Director must be a resident and voter of the ward they represent but is elected at large by all voters of the District. In conformance with the California Voting Rights Act (CVRA - California Elections Code Section 14025 – 14032), SPMUD intends to transition to by-district/from-district elections, in which the elected official must reside in a particular district (the MUD Act describes these as "wards") and be elected by only those voters residing within the same district (ward).

In addition, the result of the recent census indicates that the existing SPMUD wards have disproportionate populations residing within each ward. Per Section 11823 of the MUD Act, the Board shall by resolution or ordinance fix the boundaries of the ward for the purpose of electing directors therefrom. As such, in accordance with the CVRA, SPMUD must take into account topography, geography, cohesiveness, contiguity, integrity, compactness of territory and communities of interest when establishing these ward boundaries. Further, the wards must be roughly equal in population to each other, taking into account the aforementioned factors.

SPMUD established a Redistricting Advisory Committee that met several times to go over several versions of proposed maps prepared by the consultant, Redistricting Insights, that met the criteria for establishing ward boundaries. In addition, SPMUD created a webpage to keep the public aware of the SPMUD redistricting effort. On November 4, 2021, the Board of Directors adopted Resolution 21-43 declaring its intent to transition from At-Large/From-District elections to By-District/From-District elections. In compliance with applicable law, the District did solicit public input into the process and conducted public hearings on November 4 and December 2, 2021, during which the advisory committee forwarded two ward boundary proposals to the Board for consideration.

On January 6, 2022, SPMUD staff conducted an-after hours public workshop to present the two proposals, hereinafter referred to as "Scenario 2" and "Scenario 4." Prior to the public workshop on January 6th, SPMUD received a map developed by a concerned citizen proposing alternative ward boundaries, hereinafter referred to as "Public Submission 1."

On January 13, 2022, the Advisory Committee met to evaluate Public Submission 1 against Scenarios 2 and 4. The Advisory Committee recommended forwarding Scenario 2 to the Board of Directors with the following findings:

- 1. Scenario 2 broadly represents it customers fairly with equally balanced population in each ward:
- 2. Sewer flows within SPMUD flow through and from recognized municipal boundaries;
- 3. The wards boundaries in Scenario 2 tie to census blocks.
- 4. The residents of the City of Rocklin represent 80% of SPMUD customers and are represented in all 5 wards.

Recommendation

Staff recommends that the Board of Directors:

- 1. Find that the proposed ward boundaries have been developed after giving due consideration to the criteria listed in California Elections Code Section 21500(c) in the order of priority identified in that section: topography, geography, cohesiveness, contiguity, integrity, compactness of territory and communities of interest. The population of the proposed ward boundaries are also balanced.
- 2. Waive the full reading of the proposed Ordinance #22-01.
- 3. Introduce Ordinance #22-01: Ordinance to Transition from At-Large/From District Elections to By-District/From-District Elections and Re-Establishing District Ward Boundaries.
- 4. Conduct a Public Hearing for the proposed Ordinance.
- 5. Schedule the 2nd reading and adoption for the next regularly scheduled meeting of the Board of Directors on March 3, 2022.

Strategic Plan Goals

- Goal 1.1: Engage Customers and stakeholders and promote Public Participation to determine expectations and deliver excellent customer service
- Goal 1.2: Improve Communications.
- Goal 1.3: Maintain transparency with all District activities

SOUTH PLACER MUNICIPAL UTILITY DISTRICT STAFF REPORT

To: Board of Directors

From: Emilie Costan, Administrative Services Manager

Cc: Herb Niederberger, General Manager

Eric Nielson, Superintendent Carie Huff, District Engineer

Subject: Resolution 22-06, Amending Resolution 21-25 and Approving Midyear

Adjustments to the Fiscal Year 2021/22 Budget

Board Date: February 3, 2022

Overview

This report provides the Board with information, analysis, and recommendations regarding midyear adjustments to the Fiscal Year 2021/22 Budget.

Staff is recommending an increase in the General Fund budget. The primary increase is the inclusion of the June 30, 2022, Actuarially Determined Contribution (ADC) to the District's CERBT account into the budget. Staff is recommending a decrease to the Capital Fund budget to adjust for the timing of activities and planned capital project expenses.

Background and Analysis

Requested Midyear Budget Adjustments:

1. The Revenue Budget is increased by \$121,932:

- a. The General Fund revenues will decrease by \$28,068. General Fund revenues are coming in lower than originally projected. Plan Review Fees, Inspection Fees, Property Tax Revenues, and Interest Income revenues combined are anticipated to be \$270,000 less than originally projected. The District received \$241,932 in one-time COVID-19 Special District Relief Reimbursement Funds; however, the funds are required to be used to offset COVID related expenses incurred in the prior fiscal year as well as Supplemental Sick Leave benefits, Exclusion Pay, and Testing expenses incurred in the current fiscal year.
- b. The Capital Fund revenues will increase by \$150,000. The District projected that four hundred new Equivalent Dwelling Units (EDU's) would connect to the District's system in fiscal year 2021/2022; however, new connections in FY 2021/22 have been steady with a large apartment complex adding 195 EDUs to the system in October. The District is requesting that the mid-year budget be modified to reflect five hundred and

fifteen new EDUs in FY 2021/2022. Capital Fund revenues have also been adjusted for lower than anticipated Interest Income.

2. The General Fund Budget is increased by \$41,050:

- a. Salary and Benefit expenses will increase by \$46,000. The District's Actuarially Determined Contribution (ADC) to the CERB Trust for June 30, 2022, is \$45,606. Due to timing, the June 30, 2021, ADC was contributed in July of 2021. This adjustment will correct the timing of the ADC payments moving forward. Local Service and Supply expenses will decrease by \$4,950. The changes are comprised of an increase to gas and oil expenses due to higher than anticipated fuel rates and an increase to property & liability expenses due to the increased value of District assets. Staff is also proposing an additional \$10,000 for the Root Control Program. Professional service expenses are increasing in the Administrative Services Department due to redistricting and a third-party review of several of the District's Human Resource policies in preparations for a comprehensive payroll review that will be proposed in next year's budget; however, these expenses are being offset by a recommended decrease to professional service expenses in Field Services and Technical Services primarily due to the expiration of the outside plan review services contract. There is also a small, proposed decrease to the repair and maintenance agreements budget.
- b. No adjustments are being requested for the Regional Wastewater Treatment Plant budget or Depreciation Expense.

3. The Capital Outlay Budget is decreased by \$2,237,780:

- a. A decrease in the General Fund Capital Outlay Budget of 2,375,000. The District will spend less than anticipated on System Improvements due to timing with the primary decrease being spending on the Corporation Yard Improvement Project. While the total project costs for the Corporation Improvement Project are still projected to be \$3.4M, the District only anticipates spending \$1M this fiscal year. These costs will be carried over to next fiscal year. Staff is proposing an additional \$1,000 of funding for computer equipment to install mobile hot spots on District vehicles and an additional \$119,000 in funding to purchase additional easement areas.
- b. A decrease in the Capital Improvement Outlay Budget of \$125,000 as the only remaining expenses on the Foothill Trunk Project are for an arborist to determine the condition of trees impacted by construction and reseeding.
- c. An increase in the Rehabilitation and Replacement Capital Outlay Budget of \$262,220. Proposed increases include a) additional funding for two vehicles that were purchased last year but still have not been delivered to the District; and b) an adjustment due to higher than anticipated expenses on the Corporation Yard Fence Project, which was completed on November 9, 2021, without an approved budget adjustment. Increases are also proposed for System Rehabilitation and Participation in Regional Projects. The accounts were previously adjusted this fiscal year by Resolutions 21-40 and 21-45 to reduce System Rehabilitation and increase Participation in Regional Projects. The budget reflects updated amounts based on new project schedules and bid results.

Recommendation

Staff recommends that the Board of Directors adopt Resolution 22-06, amending Resolution 21-25 authorizing the following adjustments to the FY2021/22 Budget:

- 1) Increase the Revenue Budget by \$121,932: from \$19.55M to \$19.67M.
- 2) Increase the General Fund Budget by \$41,050: from \$17.64M to \$17.68M.
- 3) Decrease the Capital Budget by \$2,237,780: from \$11.12M to \$8.89M.

Meeting Date: February 3, 2022

Department Overview

This section provides the Board an update on the news and major tasks from the Field Services Department (FSD).

1. Break Room Addition, Locker Room, and Lobby Improvements

a. The various reports and specification sections are now finished, and staff is coordinating with consultants to prepare the bid documents. Staff plans to advertise for solicitation of bids in January 2022 and award the contract at the April 2022 Board Meeting. The start of construction is planned to commence in May 2022 and reach substantial completion by June 2023.

2. CCTV Software

a. The software implementation is underway. Legacy data has been exported and delivered to the CCTV software provider for conversion to the new system. Staff met with the consultant to plan the integration of GIS data with CCTV data. The update will make inspection and condition assessment records more easily accessible to District staff, improving the timeliness and accuracy of analysis for work planning and customer service responses.

3. Root Control Program

a. Staff is preparing the annual chemical root control bid for contracted services. The contractor for this project applies a mechanically created foam mixed with a root killer to the inside of sewer pipes to slow/stop the future growth of roots. Staff plans to advertise for solicitation of bids in February 2022. The lowest responsive, responsible bidder will be selected, and the contract will be presented to the Board for award at the April 2022 Board Meeting.

Item 7.2.3

ITEM VII. TSD REPORT

To: Board of Directors

From: Carie Huff, District Engineer

Cc: Herb Niederberger, General Manager

Subject: Technical Services Department Monthly Report

Board Date: February 3, 2022

TSD Updates

The Newcastle Fire Station project is moving forward after years of delays, mainly due to funding issues. The District committed to participate financially to up to one third of the construction costs related to the public sewer improvements within Old State Highway up to a maximum amount of \$100,000 through a Deferred Remedial Action and Reimbursement Agreement approved by the board on May 7, 2020 (Resolution 20-15).

TSD staff attended CWEA's Developing Leadership Skills Webinar on January 12th.

Easement Acquisition

The District entered into negotiations for easement acquisition with the property owner on Saunders Avenue in Loomis. The District Engineer is working through the final points of the purchase agreement and will move forward with finalizing the acquisition once an agreement is reached.

The District received the signed purchase agreement from the property owner in Newcastle regarding the easement acquisition. The final purchase agreement is for \$20,000 plus closing costs (conservatively estimated to be 15% of the purchase price). These costs are included in the budget adjustment presented at the February 3rd meeting.

LAFCO

The District Engineer continues to work with LAFCO's Executive Director to resolve the District's boundary and to formalize annexation and out of area service agreement procedures moving forward. More information will be presented at a future board meeting.

Commercial EDU Tracking

TSD is continuing to review and enter historical data for commercial properties into the Lucity database. To date, staff has audited over three quarters of the District. It is anticipated that entering the historical information will continue through March of 2022. This new work program will ensure that every commercial property is audited at least once a year through planned work that is tracked and updated through Lucity. ASD will use this information to update billing.

FOG Program

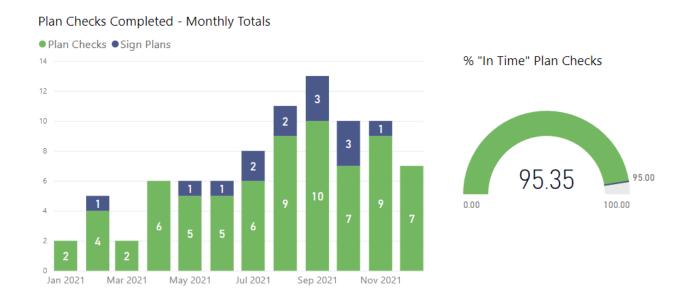

The District's FOG Inspector completed ten core samples in December resulting in two Warnings of Non-Compliance being issued for Applebee's and 5400 Crossings Drive (shared grease removal

device for Wing Stop and Mod Pizza). As a result of the Applebee's core sample findings, the FOG Inspector investigated the downstream condition of the private sewer system. Based on the results of the investigation, the District required cleaning of the private sewer system which likely prevented a sanitary sewer overflow (SSO). In addition, during a site visit and inspection of Kiki's Chicken on Rocklin Road, the existing grease control device was found to be severely corroded with a hole in the unit. This also resulted in a Warning of Non-Compliance and the District is working with the property owner and tenant to replace the grease control device.

Staff is also working on numerous tenant improvement projects that result in the installation of new grease control devices: Rocklin Donuts, Mindscape Fermentations, 4Heroes, and Pasta Zone.

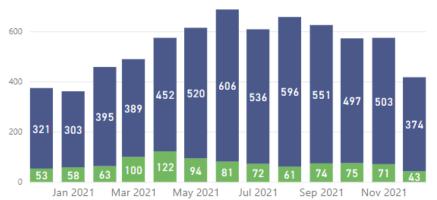

Department Performance Indicators

The following charts depict the efforts and performance of the department in the following areas of work as of December 31st, 2021. The charts are being created in a new reporting tool that directly connects to the District's data, improving the timeliness of reporting efforts and leveraging the District's investment in technology. Additional charts may be added in the future for other areas of work in the department.
